

33 Reasons to Love you....

Because every little
milestone feels sweeter
with you

P.S~ I will keep adding more to it...

You're my favourite story

I will never get tired of
reading you

You didn't just find my heart

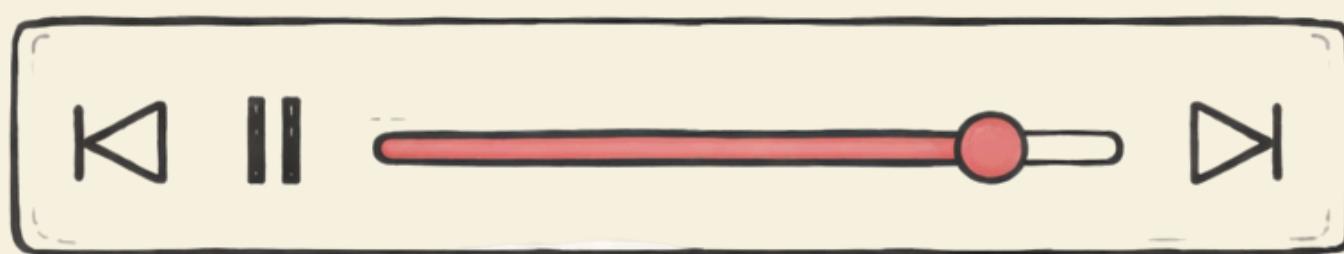

you aimed perfectly

Any journey feels right

as long as it's with you

Every love song suddenly

sounds like us

7 billion souls in the world

yet I will always fall for you

This heart?

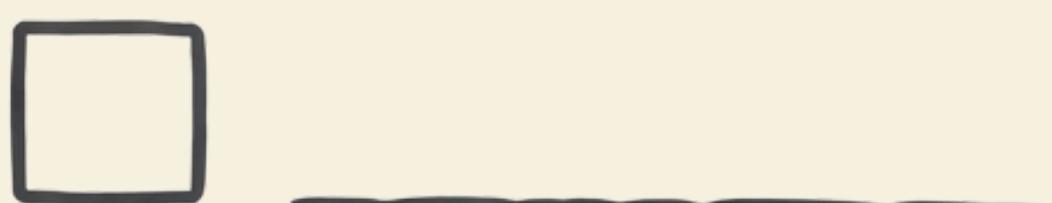

It's yours. No conditions.

You make me feel safe in a way

I don't need to explain

Somewhere along the way

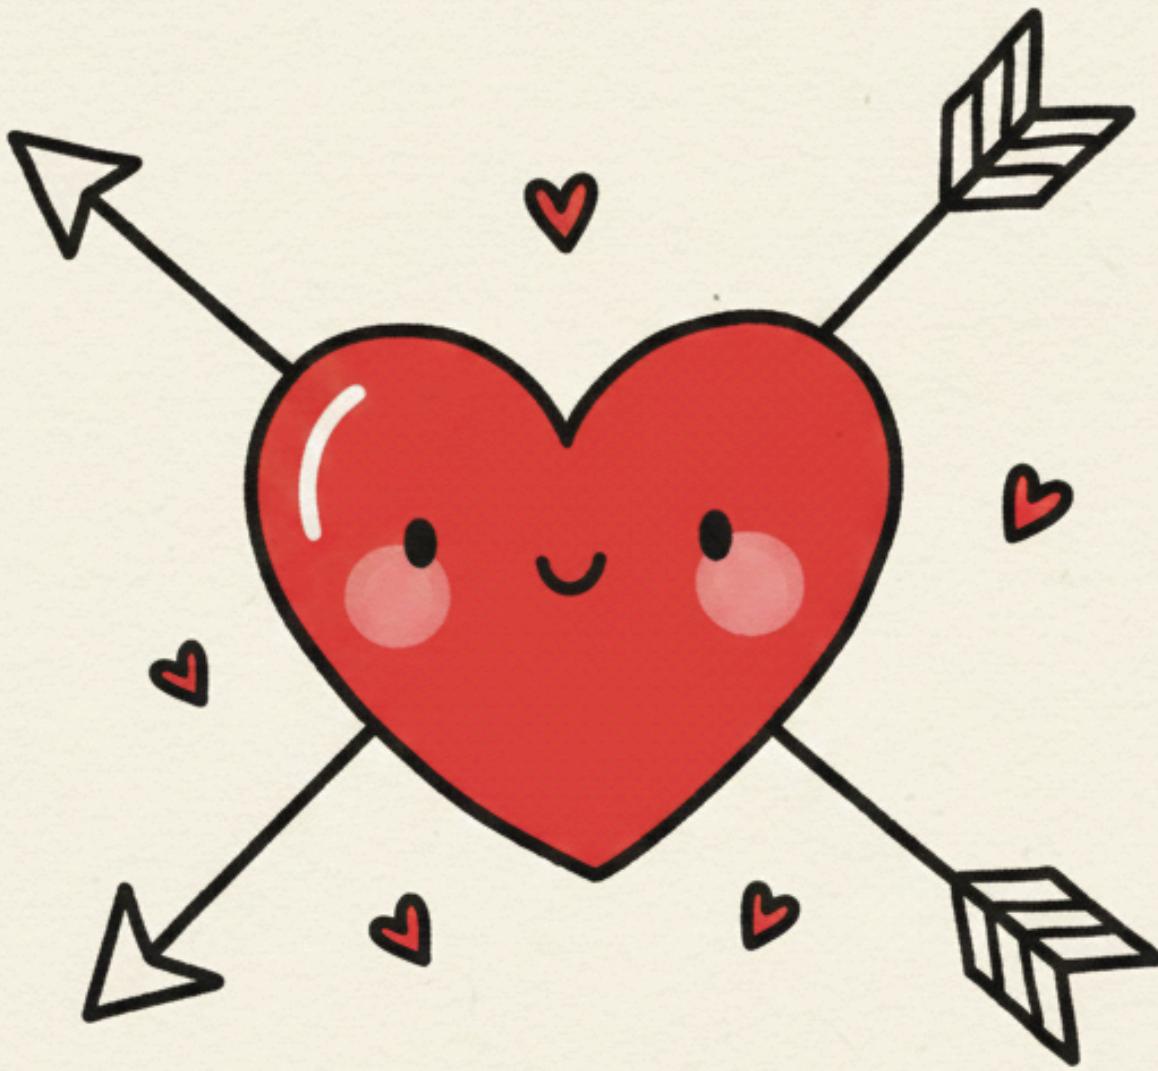

my heart chose you... and
stuck with it

You're my everyday good luck

No matter where life hits

it always leads me back to
you.

Every moment with you

is worth remembering

When I look at you

I see love looking back at me.

You Are My Go To Person

without any second thoughts

You are my happiest "Hello"

And hardest "Goodbye"

Every time it's about you

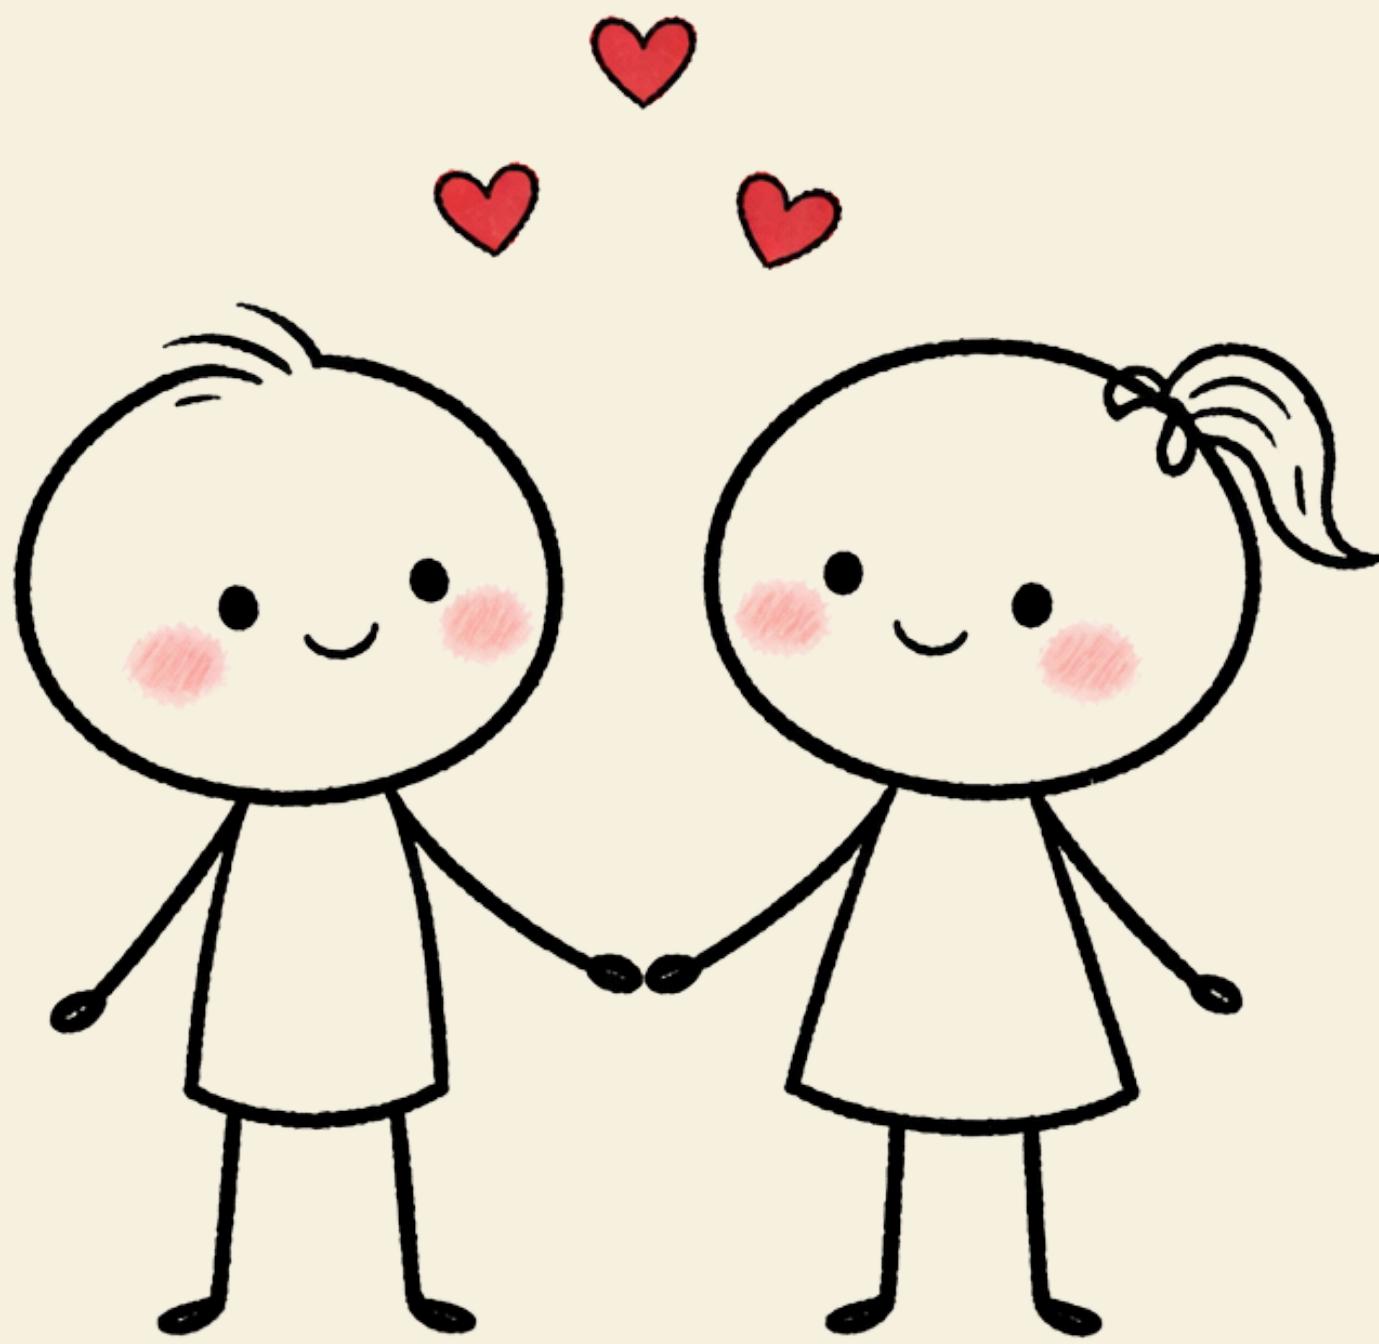

my heart automatically
says yes

You still give me butterflies

the good, happy kind

No matter what's the situation

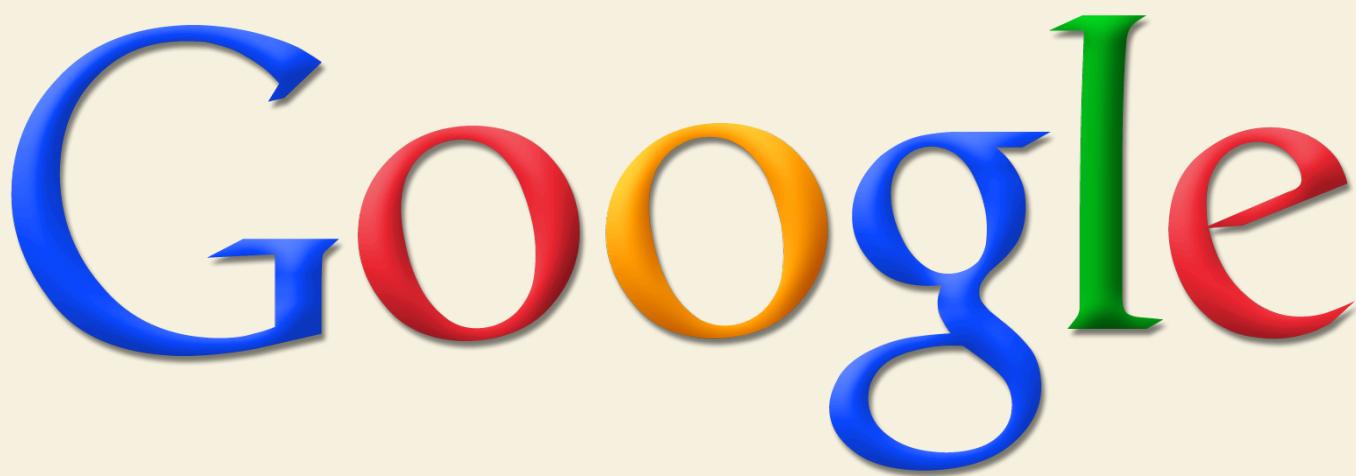

I will always stay beside
you

I don't just like you

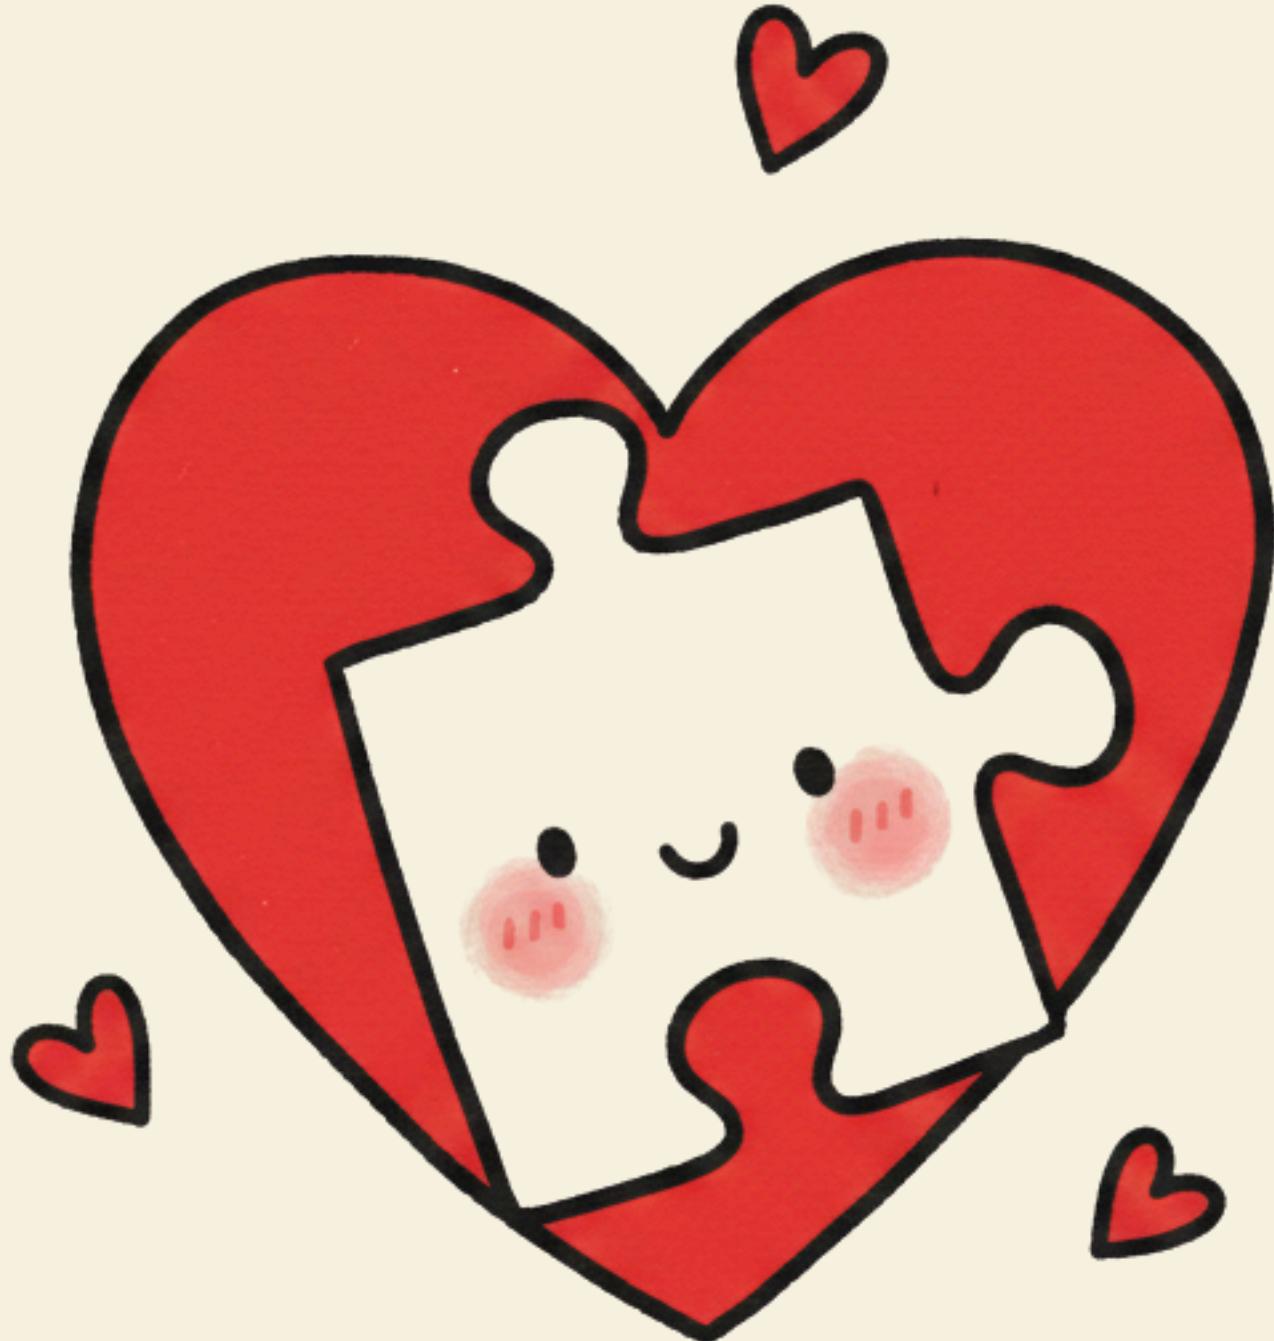

my heart feels at home
with you

Who needs
Google

you are everything I was
searching for

you fit into my life

like a missing piece of
puzzle

Here's my sensitive heart

handle with care and lot's
of love

Even silence sounds like love

when we are together

Because my

is wherever you are

with you every moments

turn magical

Because you make my heart

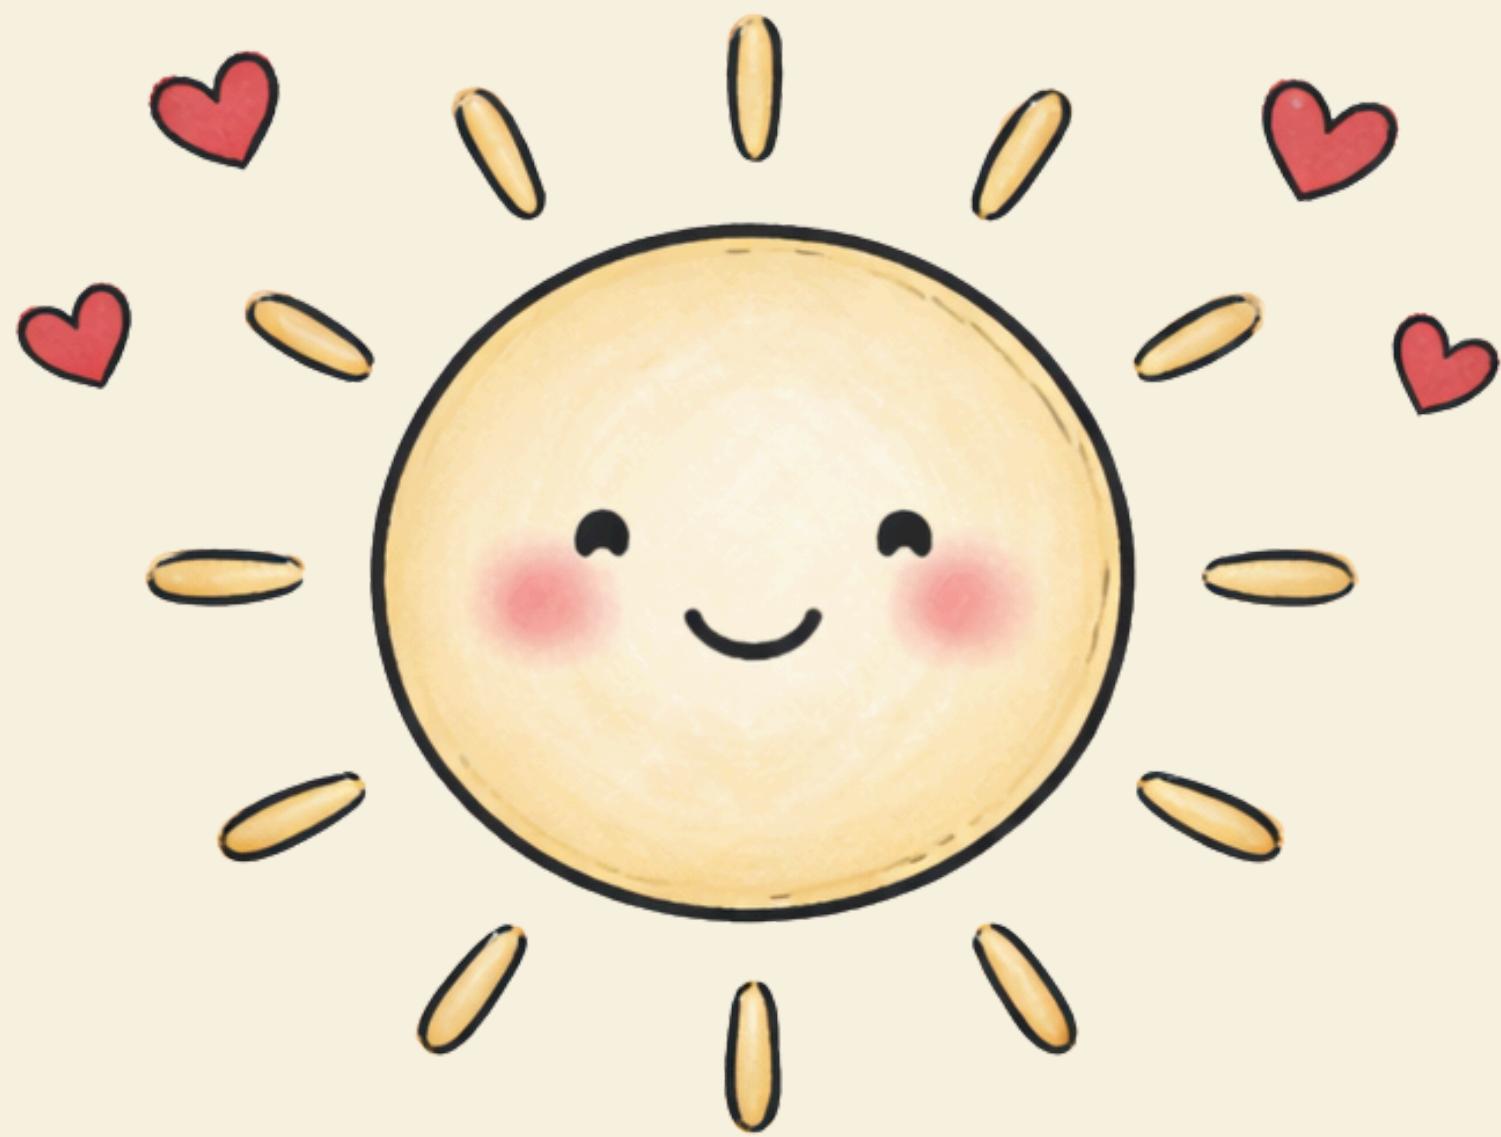

feel warm, protected, and a
little more at ease

Because my heart
somehow knows you

and responds every time

Because you bring a gentle
brightness to my days

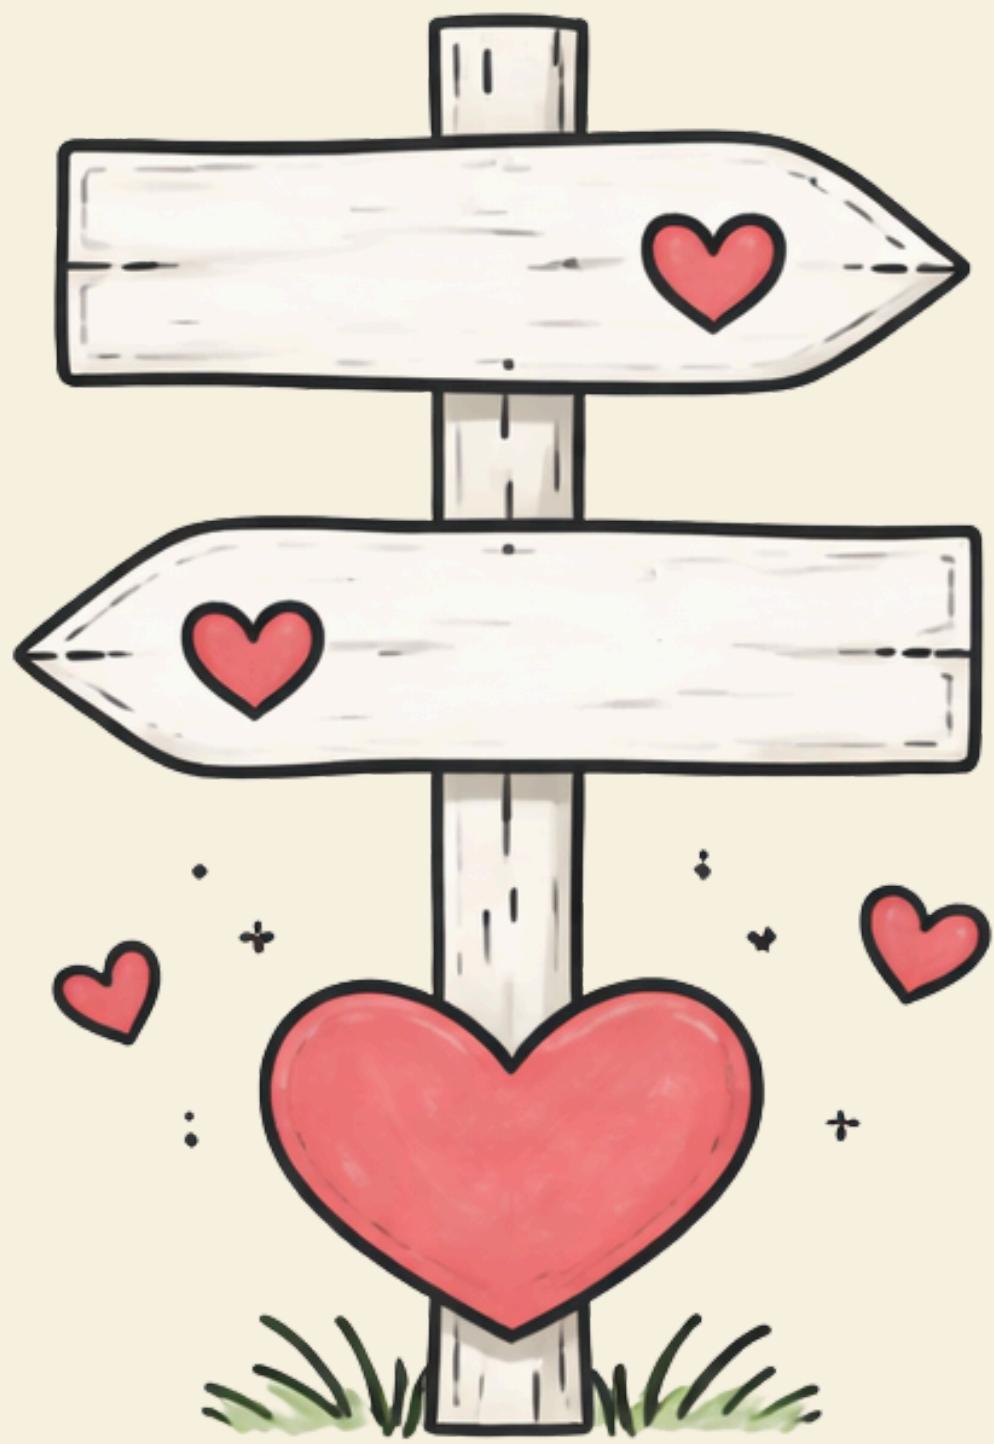

even when nothing special
is happening

Because

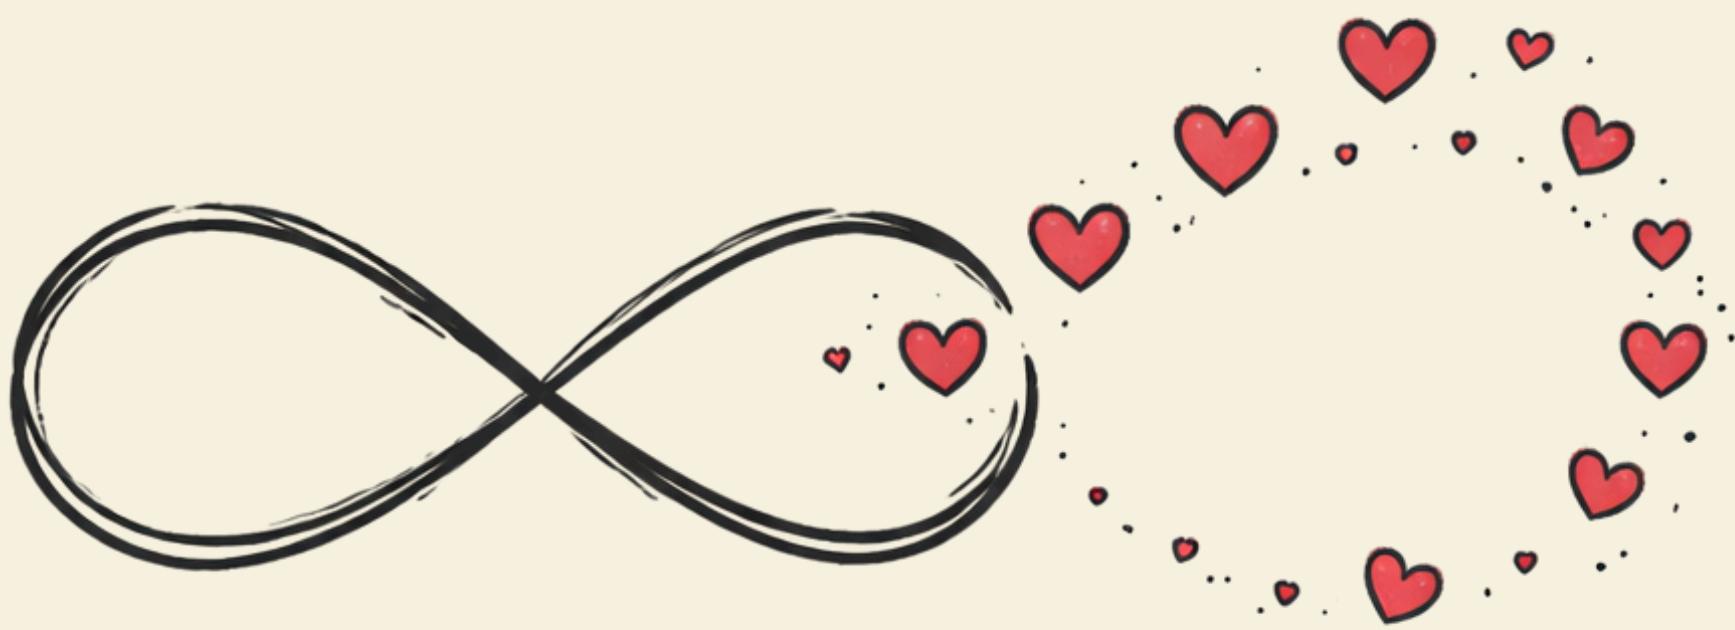

You're my calm in chaos

Because choosing you feels
like the right direction

again and again

now that I finally found love

I wish it stays forever and
ever

Because even time feels
sweeter

when it's spent thinking about
you

Because with you

love never feels one-sided.

It always feels shared

With you, love doesn't end

it just keeps growing
